Report of Students Satisfaction Survey (SSS) for Academic Year 2023-24.

Students Satisfaction Survey (SSS) was conducted among the students of the college through online mode (Google form). The questionnaire has been framed based on multiple aspects of the college that can help the management to streamline services. The result of this survey is based on the response of 106 undergraduate and post graduate students.

ANALYSIS OF SSS REPORT FOR ACADEMIC YEAR 2023-24.

- There are 56.6% students of third year, which are large in number as compared to first year and second year. 9.4% & 34 % students belong to first year & second year respectively.
- 84% students responded that maximum syllabus has been covered in the class.
- Above 80% students mentioned that the teaching quality and reading materials supplied by teachers are very good & informative.
- Teaching learning environment in the college is found to be student friendly by 79% students.
- The teachers approach to teaching can best be described as excellent by majority of students.
- Fairness of the internal evaluation process by the teachers is 80% fair as per the survey which was conducted among the students.

- The performance of the students regarding their assignments was communicated with the students on regular basis.
- The institute always takes active interest in promoting and organising internship, student exchange, and field visit opportunities for students.
- Our teachers constantly provide mentorship for students, which facilitate the students in cognitive, social and emotional growth.
- According to the students our institution provides multiple opportunities to learn and grow; which help them for better career opportunities as well as to develop their personalities.
- Teachers usually inform the students about their expected competencies, course outcomes and programme outcomes which help the students in their academic studies.
- Most of the students responded that our teachers illustrate the concepts through examples and applications. Due to which it becomes easy for them to understand the concepts and solve the problems.
- 82 % students responded that our teachers identify their strengths and encourage them by providing right level of challenges which help them to overcome their problems.
- The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences as recoded by majority of students.
- Our teachers encourage the students to participate and take lead in extracurricular activities such as soft skills, life skills and employability skills related activities and seminars which make them ready for the world of work.

- The overall quality and impact of the teaching-learning process in our institute is very good as maximum number of teachers use ICT tools such as Google classroom, projector, PowerPoint presentations etc. while teaching.
- Large number of students mentioned that the library facility of our college is good. Some students said that books and Journals on their subjects are sufficient in the college library.

The responses given by the students for the questionnaire provided to the students are given below.
